

# Respond!

## Call for Respond! Volunteers

Throughout June 2009 the RSA Arts & Ecology Centre in association with **BASH** Creations are highlighting a month of environmental awareness through the arts in the UK.

Respond! will celebrate and showcase the achievements and commitment of the arts in addressing environmental issues. Our aim is to engage and inspire arts audiences through discussion and response to the events, exhibitions, talks, projects and activity happening in June.

We need volunteers for several positions throughout the campaign to be part of the most exciting arts festival of 2009.

### What are the positions you can volunteer for?

We have positions ranging from invigilators to people just wanting to help out and get involved.

- Crew
- Stewards
- Invigilators
- Street team
- All round ninjas
- And many more...

If you want to volunteer contact:
